

## SOFTWARE SUGGESTIONS

The following are some suggestions for educational software given by technology teachers and other educators. If you have a program that you find extremely valuable, please let me know and I will add it to the list.

Please Note: All schools should have an application suite that includes, word processing, spreadsheet, database, multimedia, and publisher. We recommend Microsoft Office Professional. Microsoft Office Professional can be purchased utilizing our Educational/Charity licensing program. If your school is in need of this application suite, please contact: Sr. Alice Kirk, Tel: 212-371-1000 Ext 2892 or Email: [tecstdev@adnyeducation.org](mailto:tecstdev@adnyeducation.org)

PUBLISHER	TITLE	SUBJECT	GRADE
A.D.A.M	A.D.A.M Interactive Anatomy 4.0	Science	9-12
